Port of Baltimore ~ Smoking Policy for State-Owned Property/Buildings

Please note that Maryland State Law prohibits smoking in all state-owned buildings, including buildings and sheds on the Maryland Port Administration's marine terminals.

During the recent USCG (United States Coast Guard) inspection, smoking was observed in one of the employee lounges and numerous cigarette butts were found throughout the sheds.

Please inform all employees and visitors that smoking is not allowed in state-owned buildings. If you have any questions regarding the above, please do not hesitate to contact our MPA Property Management Offices, contact information below.

Thank you.

Claire Greenaway
Leasing Officer
Property Management Division
Maritime Commercial Management
